Heritage

We have always reserved our cover for something attractive. Some local scene that represents the true beauty of our coast and our towns that dot that seascape. Our cover this week is some views of the Mattapoisett forest. This expanse of trees and brush may be the last remaining landscape that the Indians who gave Mattapoisett its name, may have trod. Some of the trails that wind through these trees may have first been pressed down by the moccasins of the tribes that moved south through Rochester to come to the coast to summer by the harbor; to camp by the river. Until comparatively recently, these same Indians might have relived the past along the same trails. Not now. The disgusting mess in these photos is widespread along the forest trails as the trash of "civilization" trashes and destroys the beauty of our last remaining forest land. The discards are pockmarked with gunfire. Carcasses of deer are occasionally to be discovered among the carcasses of the discarded tires. Even fawn are the

targets for the "sportsmen" who leave the fallen bodies where they drop them. This is our heritage from the past. This is the forest where the soft rustle of leaves soothes the mind and furnishes a moveable feast for the eye. This is the Mattapoisett forest that parallels North Street and whose trails beckon the adventurous who can follow them all the way to Rochester, north of Rt. 195.

Welcome to the green and quiet comfort of the woodland.

TRASHING TINKHAM FOREST

A letter and photos describing the "appalling conditions" in Tinkham Forest and up the old railroad tracks off North Street next to the water tower were sent to the Board of Selectmen from Mrs. Helen deConnick. "Who needs SEMASS", she wrote, "when we have Tinkham Forest."

About 20 photos, taken along the trail for about a three-mile radius while she was horseback riding in the area, vividly showed a variety of trash ranging from soda cans to an old refrigerator. Old tires were much in evidence in the photos.

In her letter, Mrs. deConnick said the photos tell a sad story all by themselves.

What you see is trash dumped all along the trail about a three-mile radius, as seen from horseback. "I would say all this has been done in the last 18 months. In one photo you will see the fence down, going directly out to Route 195."

Other observations she has made include: the discovery of four deer carcasses in the last 16 months; many campsites, one in operation last summer with fire going; hunting is done all year-round; one hunter almost in her backyard. "I know of two other neighbors who had them in their backyards. Target practice goes on all the time and anywhere there is something to shoot at, especially on Sunday." She asks in her letter, "No discharging of firearms on Sunday in Massachusetts, is that correct?"

After checking with the Police Department, a spokesman showed the laws governing shooting under the State Division of Marine and Wildlife which prohibits target shooting on Sunday except on a recognized range; prohibits hunting on Sunday; and prohibits the discharge of any firearm across any state or hard-surfaced highway, or within 150 feet of any highway, or possession of a loaded firearm, discharge of a firearm, or hunting on the land of another within 500 feet of any dwelling in use, unless authorized by their owner. No specific official complaints have been received by the Police Department.

Speaking as an agent of the Board of Health, Donald C. Wood said no official complaints have come to this board on the mess up there. However, speaking as the Fire Chief, Wood said the Fire Department

has been called up in that area several times to put out campfires.

Other observations noted by Mrs. deConnick are a very large load of fish trash dumped there and left to rot last summer.

She wrote, "I understand the properties involved and affected are owned by several different persons, and so it is a difficult situation. The woods are a nice place to ride in, walk or jog, even bike ride. So, I would be happy to help in any way I can to stop the trashing of this forest before it becomes unsafe for people and animals."

Selectmen agreed to contact Highway Surveyor Wesley N. Bowman to have someone clean up the mess. The Board will also have Executive Secretary Carol Adams contact each homeowner on Tower Road to get their cooperation on possibly placing a chain across the road into the forest.

Appeals Board Proposes By-Law Changes

MATTAPOISETT SELECTMEN'S MEETING
JANUARY 24, 1989-by VIRGINIA MORGAN

The tentative wording in seven proposed by-law changes recommended by the Zoning Board of Appeals were discussed last Tuesday with Selectmen and board members. Member Daniel O. Mahoney acted as spokesman for the group in the absence of its chairman, Sylvia Fales. He said the changes would

require a 2/3 vote at the May annual town meeting.

Mr. Mahoney said the first two proposed changes are mostly a clarification of the wording, especially the first one where LOT is defined in a very complex way. In its place, the Board is recommending the explanation of LOT - an area of land in one ownership with definite boundaries, including any contiguous lots in the same ownership.

The second change is the definitation of STREET - means a public way or a way which the Town Clerk certifies is maintained and used as a public way; or a way shown on a plan approved and endorsed in accordance with subdivision control law; or a way in existence when the subdivision control law became effective in town. The exception is that Interstate Route 195, a public way of limited access, shall not be considered a street.

The third proposed change involves WETLANDS - means wetlands, beaches, dunes, flats, marshes, meadows and swamps bordering on the ocean or on any estuary, creek, river, stream, pond or lake, and any land under said waters and any land subject to tidal action, coastal storm flowage or flooding. Proposal number six also involves wetlands - in the event that a lot contains an area of wetlands that constitutes more than 25 percent of the total lot area, there shall be excluded from the lot size, for the purpose of determining compliance with the area square foot requirements, the area of wetlands that is in excess of 25 percent of the total lot area.

The fourth proposed by-law change

covers pre-existing nonconforming structures, lots and uses; essentially involving changes from summer to winter homes; "These seasonal changes have been becoming a concern where lots as small as 5,000 square feet and sharing septic systems have been brought to us to allow a year-round house," said Mr. Mahoney. The proposed language will spell it out in a clear way, he added. A Special Permit must be obtained for this change in use.

Appeals Board members and Town Clerk Lois K. Ennis agreed small changes, such as changing windows if the size of the window opening is not changed, should only have to get a building permit and not have to come to the Appeals Board. These are both time-consuming for the homeowner as well as the board, all agreed.

Change number five involves adding under Family Day Care Home - in all districts, a family day care home shall be an exceptional use and will require a Special Permit. Mr. Mahoney said, "It could create a problem, as you can't stop it unless you regulate it."

The seventh proposed change on signs in the business and limited industry district will be checked with the proposals being prepared by Planning Consultant

Burk Ketcham and to be completed in 8 months before going to town meeting with any proposals by the Appeals Board.

Selectmen Chairman William F. Hubbard said each time in the past "we've tried to pass changes in signs, we get voted down. If it is included in Mr. Ketcham's comprehensive package at town meeting in 1990, perhaps this would get passed rather than a separate article," he said.

Mr. Mahoney said, "We've all seen signs on Route 6 in Fairhaven and Cranberry Highway. Businesses all want signs that are high and lit up. Most towns have limits; practically speaking we have none."

Town Clerk Ennis said she and Selectman John DeCosta actually went up and down Route 6 and measured every sign.

In other business, Selectmen:

MET WITH the Harbor Study Committee to discuss proposed articles for the May annual town meeting. Michael Dahill, chairman, said there should be two articles - one to change the harbor rules and regulations; the second to establish an Enterprise Fund.

After considerable discussion, Chairman Hubbard and Selectman DeCosta felt the proposed Enterprise Fund was the wrong way to go this year what with the tight money situation. Selectmen agreed to check with Town Counsel on the legal wording for an Enterprise Fund and how collected fees can be applied to the Harbor budget.

Normally, any collected fees are placed in the town's General Funds as part of the town budget process, said Selectmen DeCosta. With an Enterprise Fund there would be no budget for the Harbor - only collected registration fees, fines and the town's portion of excise taxes would be that department's budget, said Mr. Dahill. "We estimate about $60,000 could be collected as the town's share of excise taxes if collection is done aggressively."

Harbormaster Steven Mach explained, "We've never had a mooring fee before." Chairman Hubbard said of the collections, "If we take any we should take all that pertains to the wharf, including wharf and skiff space collections. Any extra the town can raise and appropriate would be only if you raise less than your normal budget from fees, etc."

Member William Fairweather asked how will the Harbormaster be able to handle all the work of collections and enforce regulations on a part-time basis.

The Harbormaster explained he is going to ask the Finance Committee to recommend two persons be hired as assistants on an hourly basis. This would be the less expensive way to go with them working mostly in the summer months, said Mr. Mach.

Another meeting on the proposed regulations is scheduled for 7 p.m. Wednesday,

March 15th, at Old Hammondtown School (if available) rather than the Town Hall because a large attendance is expected.

WERE INFORMED by Michael L. O'Brien, attorney for Mr. and Mrs.Richard LeBlanc of 3 Gary Drive (off Brandt Island Road) who have proposed purchasing a section of town-owned real estate off Brandt Island Road, adjacent to their property, that an appraisal has been made of the piece of land.

Following the Selectmen's request, Smith Realtors appraised the property by an "armchair appraisal" at the LeBlanc's expense.

The piece of land is 25 feet by 186.22 feet and totals 4,655 square feet. The zoning is Marine Residence 30 and the lot is large enough in area to be two lots. It is probably wide enough on the street to be divided into two lots even though it is short 10 feet under present zoning. Randy Smith said in his letter, "I do not feel selling the piece of land would adversely affect the remainder of the lot." Mr. Smith values the piece of land at $5,500.

Selectmen Chairman Hubbard said the LeBlancs wish to buy a piece of town-owned land abutting their land in order to have sufficient set-back to install a swimming pool. The proposal will be checked with Town Counsel before going to town meeting for approval of the sale.

Developer Offers One Million for Water to Brandt Island Road

SPECIAL TOWN MEETING - FEBRUARY 15
MATTAPOISETT SELECTMEN-JANUARY 28

by VIRGINIA MORGAN

At a joint meeting with Selectmen and the Water Board and Superintendent and Attorneys for the town and for developer Joseph Keller, Mr. Keller offered to donate to the town $1 million for construction of three miles of water pipes down Brandt Island Road to the Nunes' property. This amount is contingent on closing the sale with Mr. Manuel R. Nunes by the first of March for over 200 acres of land for development of an 18-hole professional golf course and for 200 house lots (150-170 in Mattapoisett and 30-40 in Fairhaven).

This $1 million is in addition to the $350,000 Mr. Keller has offered the town to help with the Fairhaven Sewer Treatment plant expansion.

Selectmen William F. Hubbard, chairman; John N. DeCosta and Bernard F. Talty; Water/Sewer Commissioners Clifford D. Tripp, chairman; Charles A. Morgan and Donald C. Wood and Water/Sewer Superintendent William Nicholson endorsed the project and will support the three articles for a Special Town Meeting at 7:30 p.m. Wednesday, February 15th.

Town Counsel Donald Fleming outlined the three articles: 1. To accept a gift of money from Mr. Joseph Keller for con-

struction of water pipes from Park Street to Brandt Island Road. The amount will be recommended at town meeting. 2. To accept a gift of money to cover a portion of the Fairhaven Treatment Plant for sewer expansion and for Mattapoisett's increased capacity. The amount will be recommended at the meeting. 3. To accept a report from the Water/Sewer Commissioners and to act on the report.

The report will include the information that the average water now used in Mattapoisett is 450,000 gallons per day/ the Mattapoisett River Valley water shed will yield a five million gallon per day maximum safely. (Mattapoisett, Fairhaven, Marion and Rochester take water from this source.) Also cost figures on the water pipes installation.

Selectmen Chairman Hubbard said the town will need the additional water supply as there is a problem there (Brandt Island Road) whether the Keller Company develops the Nunes' property or not. By 1990 a well will have to be developed, he added.

Mr. Keller said, "Assuming the articles pass, we will make available to the town within 60 days a letter of credit in the amount of $1. million."

Town Counsel asked where does the Water Department stand on the proposal. Commissioner Morgan said, "We haven't had time to discuss this latest proposal, but speaking as individuals we agree it is a wonderful opportunity to get water to the people on Brandt Island Road." Mr. Morgan noted the 5 million gallon maximum safe yield figure has been around for 40 years and needs to be updated.

Superintendent Nicholson explained they have a preliminary report from engineers Whitman and Howard, but were expecting a full report by the end of January on how much water Mattapoisett can safely take from the river valley. Mr. Keller estimates the development will need 80,000 gallons per day, perhaps less as some water will come from Fairhaven. Also, much of the capacity will be needed years down the road.

Town Counsel said, "It's good to have the facts and figures. Townspeople are fair and equitable, but you've got to tell them outright all the facts."

Letter to Selectmen

It is our understanding that the Selectmen are to write a letter to the State Housing Finance Agency approving 34 single family homes for Park Street as presented by the Pleasant Street Development Corporation on January 25, 1989. It is also our understanding that this project is to contain 10 affordable units and 2 low income rental units.

We, the residents of Park Street and the surrounding area, wish to go on record as protesting this approval. As a neighborhood we had agreed to 30 single family homes. This provided an increase of 19 units over normal density in order to provide a "density bonus" to enable the developer to create 10 units of affordable housing and

still make an estimated 18% to 20% profit. This was, we felt, the maximum number that the site could support based on the wetlands delineation and what was compatible with the community.

The Town spent $500. for an expert to come in and confirm the wetlands delineation. Certain adjustments were made at that time in favor of the developer. The boundary was then agreed upon and all subsequent negotiations were based upon this town-approved wetlands delineation.

But on January 25, 1989 when Pleasant Street Development Corporation came in with their new proposal, it turned out that they had unilaterally reflagged the wetlands without the Town's approval.

In this reflagging they had significantly reduced the area of wetlands. Five houses are now to be built in the wetlands as defined by the Town's own expert.

Pleasant Street Development has not designed the project to fit the wetlands, it has designed the wetlands to fit the project. It has "defined away" wetlands.

Unfortunately, the HOP Committee which has worked through a long and difficult series of negotiations, approved this "concept" without apparently realizing the implications. The project has been approved before there has been an agreed upon wetlands delineation. The process is working backwards.

Why are we now ignoring the boundary established by the town's expert and accepting the new boundary established by the developer's expert? Are we as a town now going to allow and approve developers to arbitrarily re-define wetlands to their convenience? Is this a precedent we wish to live with down the road?

Please note our concerns and protest.

Roger C. and Priscilla W. Thompson

MARION
WATERFRONT LISTING

We are proud to offer one of Marion's loveliest intown waterfront properties. This gracious residence overlooking the Harbor with views to Buzzards Bay is set on an acre, with approximately 100' of sandy beach, a dock with ramp to a float, and a launching ramp from the waterfront. A small island is also part of the property. Water views abound from the spectacular living room with fireplace, the formal dining room, sunroom, kitchen and master bedroom. There are three main bedrooms, each with its own full bathroom, a separate guest wing, and a beach house with fireplace and shower bathroom. Beautifully landscaped, the property's three car garage connects to the side of the rambling eleven room residence, with flagstone patios and an inner courtyard on the water side. Spacious and warm, this outstanding home offers many more amenities for the special waterfront buyer. A rare offering.

MATTAPOISETT WOMAN'S CLUB

No one ever likes to be sick just before Christmas. But for Karon Costello of Nahant, MA. it meant that she was home to receive a fortunate phone call. The caller was Madeline Grader of the Mattapoisett Woman's Club, informing Ms. Costello that she was the new owner of the beautiful pink and green quilt, handmade by members of the club. Ms. Costello made her donation to the Woman's Club Scholarship Fund last July, during Harbor Days, and never expected to win. She was happy, however, to drive down recently and pick it up. The

Historic District Hearings

HOMEOWNERS VOTE

Reported by Virginia Morgan

Homeowners in the proposed Mattapoisett Historic District filled the Town Hall Conference Room to overflowing on Monday, January 23rd at the first of two public hearings casting their votes on whether the committee, chaired by Robert M. Coquillette, should take the proposed historic district by-law to the May annual town meeting.

The total vote count was not taken until a second hearing held on Thursday, January 26th. The Chairman reported the attendance was much smaller and seemed more favorable than at the Monday meeting. At this writing the vote count is 92 no and 82 yes. However, Mr. Coquillette pointed out the count is changing hourly and may well be different by next week, so the count is far from being precise, he said.

Mr. Coquillette presented the background of the proposal noting a questionnaire had gone to about 300 homeowners in the proposed district, with 140 responding saying they would prefer a historic district. If the majority of homeowners favor the district by a total count from both hearings, the proposal would go to town meeting where a 2/3 vote would

be needed to enact a by-law. If adopted by a town meeting vote, a commission would be appointed by Selectmen under guidelines from the state.

The present district study committee is comprised of Giles H. Dunn, a realtor; Constance Keavy and Patricia Barnard and Mr. Coquillette. The chairman said, "What people think a Historic District is and what it allows is usually wrong. This is not a restrictive by-law."

In noting the advantages, the Chairman said they are not an overwhelming sort of thing. "We would automatically be registered in the state Historic District; be protected from state-funded or state licensed projects being placed within the district; even a comprehensive permit would not be allowed in the district; we would qualify for five present matching state grants for the preservation of buildings; income producing buildings would qualify for 25 percent tax credit; it does stabilize the neighborhood."

Questions from the audience included: John Gibbons asked how many members on the committee were residents-owners in the district for the last 15 years. The Chairman said none. Stephen Hanna asked what the difference would be between the Zoning Board of Appeals and the Historic District. He was informed the zoning board controls the lot size, setbacks and density of buildings and not the outward appearance, and architectural features.

Stephen Clapp of 19 Pearl Street said he was an attorney and owned property in both Mattapoisett's proposed district and property in New Bedford's historic registry building. He claimed the by-laws take away property rights, necessitating permission to build or change a building from several boards. This is an intrusion into his property rights, he claimed.

Marc Goddu, owner of the Mattapoisett Inn and the restored Mattapoisett Grange Hall, said years ago the Appeals Board told him a change would change the look of Water Street. What's the difference in the two - historic district and appeals board? he asked.

Robert Cattley asked about seeking a grievance of a decision by the district commission. The chairman said state law requires a court appeal. Mr. Cattley read a letter he wrote to the Historic District Study Committee in October 1987. He wrote, "Please remember that much of the flavor that you are now trying to preserve did not exist in the center of Mattapoisett 25 years ago. Many homes were multi-family; some with absentee owners and generally in a state of disrepair. Individuals, on their own initiative, using 'sweat equity', started the arduous process of improving their properties to accomplish what we see today. Historical district ordinances may actually have hampered the process which we voluntarily accomplished.

"In our own case, the use of maintenance-free siding, trim and shutters, might not have been allowed by 'purists' seeking to restore in a traditional manner. We

would request that you keep an open mind toward modern materials and the requirement of a property to accommodate the ever-changing needs of a family."

Mr. Coquillette, in noting the conditions that will be exempt from review by the Commission, said the color of paint or stain, the color of materials used on roofs; storm doors and windows, screen doors and windows and air conditioning units, lighting fixtures and antennas (except for dish antennas) will not be reviewed.

The Chairman said the limitation of authority shall be limited to exterior architectural features within the district which are subject to view from the streets or ways of the town. Nothing in the by-law would prevent the ordinary maintenance repair or replacement of any exterior architectural feature unless there is a change in design, material, color or outward appearance.

Mr. Morgan Plummer of 13 Shipyard Lane said he was in the minority because he is a summer resident. Because it was pointed out by the chairman that property values would probably increase, Mr. Plummer said he doesn't need an increase in in the value of his property and in his taxes.

Mr. David E. Frawley said he received a letter from Howard Bates, a summer resident of Water Street, asking Mr. Frawley to cast a vote for him. Mr. Coquillette said that is not acceptable. Mr. Bates has to be here to vote. Several people complained that they would like to see proxy votes accepted, especially for those elderly persons not able to get out to vote.

A show of hands gave the committee a favorable vote to allow proxy votes to

Historic District Deadline: Feb.3

HISTORIC DISTRICT COMMITTEE EXTENDS DEADLINE FOR PROPERTY OWNERS TO REGISTER OPINION

Responding to the majority view of citizens attending the first of two public hearings regarding the proposed By-Law creating an historic district in Mattapoisett, the Historic District Study Committee has extended until February 3, 1989 the time for owners of property in the proposed district to register their opinions as to whether or not they wish to have the proposal taken to the Town Meeting. In addition the committee agreed to take votes from property owners in the proposed district who were unable to attend either of the two public hearings. While any form of letter or other communication may be used to register one's opinion, copies of the ballot used at the meetings are available at the Town Hall. Completed ballots may be left in the Selectmen's Office at the Town Hall or given to one of the committee members.

The public hearings on January 23rd and 26th were well attended and informative. A summary of the proposed By-Law was distributed to those attending. Significantly, and contrary to the widely-held opinion, under the By-Law residents would still be able to choose without limit any color of paint or roofing material and can do what they wish about any ground level features such as plantings or walls or driveways.

The By-Law would require review before a building permit is issued only for

architectural construction or modifications visible from the streets of the district. It was further pointed out during the discussion that having an Historic District acts as a bar to actions by both the State and Federal governments on projects which would affect the district. For example, comprehensive permits for building affordable housing are not issued in historic districts.

ATTENDS SEMINAR IN S.A.

Amy Fales, daughter of Alan and Sylvia Fales of Mattapoisett, has just returned from a 3-week Seminar in South America.

A junior at Franklin Pierce College in Rindge, New Hampshire, Amy along with 40 other marketing and business major students visited Buenos Aires, Argentina, Sao Paulo and Rio de Janeiro, Brazil.

While in South America they met with bankers, government officials, officers of multinationals, economists, and other business officials who are concerned about the South American business and economic problems.

In addition, the course also included many sightseeing tours. The Iguazu Falls, Sao Paulo University and a statue of Christ high on a mountain top that

1634 Meets 1989

A DAY IN TIME

The year is 1634. The person is Good Wife Winslow. The dress is colonial. The dialect is British. The place is Old Hammondtown School????

On Thursday, January 19th, the fourth grade students at Old Hammondtown School had the pleasure of meeting Good Wife Winslow who ventured for a visit from Plimoth Plantation by way of her shallop. During her visit she explained many Pilgrim ways to the children. She explained how people belonged to different stations. People of higher station dressed with more layers of clothing than those of a lower

station. People of lower station had to bow or curtsy to those of a higher station. The children discovered that people in very high stations did not even have to dress themselves, but had servants for that task. Is it no wonder that the higher your station the wider your body would be!!!!

In her explanation of everyday life in the colony Good Wife Winslow shared some foods and utensils used by her people. The cow horn comb and dried and salted fish were items of particular interest to all. The fact that children often shared plates was also curious.

Before she ended her visit Good Wife Winslow allowed the children an opportunity to put on some authentic colonial wear. From underwear to coifs servants helped

The Women's Center was founded in 1973 to serve as a resource for women and their families and is dedicated to make the Greater New Bedford community healthy and violence-free. The Women's Center welcomes both individual and corporate sponsorship. The goal of this year's Men Who Cook is to raise $15,000.00 as part of the Center's 15th Anniversary Celebration.

La Leche League

Pregnant women and new mothers are especially invited to join us at the next meeting of La Leche League of Wareham which will focus on childbirth, the early days and weeks with a breastfed baby, and adjustments the family makes after the baby's arrival. The meeting will be held on Wednesday, February 8th, at the home of Linda Marcoux, 14 Register Road, Marion; arrival time is 7:15 p.m. and the meeting will begin at 7:30.

The last months of pregnancy are the ideal time to get questions answered about breastfeeding and meet other mothers who

ground-level stacks area of Southworth Library, 732 Dartmouth Street, South Dartmouth, starting at 9 a.m.

Volunteer Friends of the Dartmouth Libraries, sponsor of the mid-winter event, are delighted with both the quality and the quantity of books that have been made available for the sale, the net proceeds of which will benefit the town's library system. Due to the recent network alignment of 11 library systems in southeastern Massachusetts and pooling of their inventories of titles, many duplicate volumes are being culled from the stacks regardless of freshness or popularity.

Current estimates indicate that some top-of-the-line books could command as much as a full 50¢; but at the other end of the display table volunteers may be offering clean paperbacks - the thrilling romantic fantasies - at quantity discount rates. In mid-field there is certain to be a book for every taste and pocketbook, say these enthusiastic volunteers. Roberta Sawyer of South Dartmouth heads the Book Sale Committee of Friends while Mrs. David Mickelson of North Dartmouth serves as President of the non-profit group.

The February 4th sale will close at 4 p.m. The next book sale to be offered by the group will take place in the fall of the year.

A clinical associate in medicine at Boston University School of Medicine, Dr. Coakley has published an article in the New England Journal of Medicine on the effects of beta blockers on adrenalin and its metabolites. He is completing an article on a medical case he treated involving the coexistence of thyroid cancer and hyperative thyroid.

Board-certified in both internal medicine and endocrinology, Dr. Coakley is a member of the Massachusetts Medical Society and the American Medical Association. He has office hours at the Wareham Professional Building, now scheduled for one afternoon a week, and also sees patients in offices in Plymouth and Kingston. Patients should contact his Kingston office for appointments.

"We are pleased to be able to offera area patients the expertise of specialists of Dr. Coakley's calibre", said hospital President Kinney. "Our patients benefit from having these services available locally."

Dr. Coakley resides in Duxbury with his wife and daughter.

MEMBERS FROM D.A.'s OFFICE SPEAK

On Tuesday, January 17th, two members of the District Attorney's Office, Mr. Tom Gibney and Mr. Tom Bowman, spoke to Mr. Raymond M. Cabral's Street Law and Sociology classes at Old Colony Regional Vocational Technical High School.

Mr. Bowman, an Assistant District Attorney, spoke about the students' Fourth Amendment Rights concerning specifically search and seizure and what constitutes justifiable cause. He reviewed a Supreme Court ruling on the T.L.O. case covering individual rights of a student in school. To the Senior's amazement, Mr. Bowman informed them that their teachers and administrators had more powers for search and seizure within the school than police out in society.

The question of what constitutes justifiable cause was discussed at great length using various scenarios. A lively question and answer period closed the presentation.

MEL HAROLD PORTRAYS E.A. POE

Once again Edgar Allan Poe paid a visit to the Old Colony Regional Vocational Technical High School to recite some of his most

macabre tales. Mel Harold, a Boston actor, stunned the senior and sophomore classes with his brilliant portrayal of Edgar Allan Poe. Harold recited works such as: "The Tell-Tale Heart", "Annabel Lee", "The Bells", and "The Raven" while weaving a biographical sketch of Poe in between the recital of each work.

Students had been studying the works of Poe during this week in honor of the poet's birthday.

8th GRADE STUDENTS TO TOUR O.C.

On Monday, February 6th, the 8th grade students from Old Rochester Regional Junior High School will tour Old Colony Regional Vocational Technical High School.

The tour is intended to help students decide if a vocational education is appropriate for them. Students will have an opportunity to see the Automotive, Cosmetology, Culinary Arts, Data Processing, Drafting, Electricity, Electronics, Health Careers, House and Mill Carpentry, Machine Shop, Metal Fabrication, and Offset Printing shops in operation as well as view the academic area.

While at Old Colony students receive intensive training in their chosen trade, as well as a solid base of practical academic instruction.

College preparatory courses are also available.

Old Colony Regional Vocational Technical High School admits students, and makes available to them its advantages, privileges, and courses of study, without regard to race, color, sex, religion, national origin or handicap. Old Colony encourages its students to explore non-traditional occupational opportunities.

If you would like further information please call the Guidance Office at Old Colony at 763-8011. Students interested in attending Old Colony should see their guidance counselor.

the Guardian of Acadia and Canada" is located on the Island of Cape Breton in present-day Nova Scotia. It was built by France to guard its colonies, but was captured by New England troops in 1745, though subsequently returned to the French. After its second capture by British troops in 1758, the fortifications were demolished and the inhabitants deported. This eighteenth century fortress town has been restored by the Canadian government as an historic site open to the public.
